

Which Window Covering Suits Your Needs?

Writer: - Carmen Jordan

Date: - 29th June 2011

Here at Victory, we pride ourselves on our customer service, as is reflected in the awards we have won as a multiple winner of the Australian Achiever Award in 1999, 2004, 2005 and 2008 for excellence in customer service. Undeniably, it is our passion to provide you with quality service and advice when it comes to Victory Curtains & Blinds!

There is such an array of choices when purchasing window coverings from hard blinds to soft blinds, timber blinds, external awnings, and soft furnishings, the list goes on and on... So how do you know which covering is ideal for your home? Visit Victory Blinds – the one stop shop for Australia's largest range of window covering solutions for the inside and outside of your home.

The only way to know for sure is to arrange an experienced, trained Victory Décor Consultant with a FREE in Home Design Consultation. Our Décor Consultant's are well equipped with working samples, fabrics and a vast range of fabrics and colours to choose from, making the selection process simple and effortless.

In over 60% of cases, our clients know exactly what window covering they want. Our Décor Consultants provide quality service, knowledge and advice on the best window coverings for the application.

For example, do you require blackout or privacy? Do you want to retain your view? Or do you require light filtering or maximum privacy? These are just some questions your Victory Décor Consultant will ask in order to qualify your needs. We are not happy unless we have provided you with the ideal window covering solution for your specific needs. After a discussion with your Victory Décor Consultant you may select a more appropriate window covering solution.

After you have made your selection and chosen the type, style and colour of your window coverings, Victory comes to you. We will install your beautiful blinds by our trained Technician- that wear slippers, gloves and even vacuum! Now you won't get that anywhere else! All Victory Technicians are fully insured with clear identification.

Our commitment to your satisfaction doesn't end at installation. In the unlikely event that you may have a problem with the product, or should require any assistance, advice or maintenance information over the lifetime of your window coverings, you can contact our Customer Service department or visit our website for comprehensive cleaning, troubleshooting and general tips & hints.

To arrange your FREE in Home Design Consultation call 13 13 99 or visit www.victoryblinds.com.au today!!
